

A comfortable and relaxing home at sea.

Carnival is proud to offer its guests some of the most spacious staterooms at sea. Every accommodation is a welcoming residence that gives you a sense of sincere pampering and sublime privacy. As a guest, you can expect soft carpeting, indirect lighting, individual climate control, generous mirrors and a spacious bathroom. Naturally, there's lots of drawer and closet space, a phone, and a TV with first-run films and programming such as CNN. Among the special touches are a basket of toiletries and soft terry robes for use during your cruise. And after the end of each fun-filled day, you'll enjoy the ultimate pampering of the Carnival Comfort Bed, a complete ensemble with a superbly crafted mattress matched to fine high-thread count linens and pillows. To assure sweet dreams, the nightly turndown service includes a chocolate mint and chocolate chip cookies for the kids.

Spacious staterooms and splendid amenities for all those private moments.

Which accommodation is right for you?

On every Carnival ship there's a wide choice of accommodations to meet your needs and your budget. Naturally, the décor and layout will change depending on which ship you sail. Here are just some examples of the spacious yet cozy staterooms from which you can choose. Most staterooms have two twin beds which can be converted to a King-size bed. There are also connecting rooms which are ideal for families and groups of friends.

- INTERIOR**
Interior staterooms are excellent vacation values. These spacious accommodations include most of the same generous amenities as their ocean-view neighbors. Some even feature an extra pull-down bed which makes these staterooms ideal for families.
- OCEAN VIEW**
You'll be delighted with how large our stateroom windows are, giving you excellent views of the ocean and each destination. When sleeping late or planning an afternoon nap, the room-darkening draperies glide closed in seconds.
- BALCONY**
Most balcony staterooms also have a separate sitting area for your added comfort. You'll also find that sitting outdoors where you can relax, enjoy the privacy and admire the passing scenery will add immensely to the pleasure of your cruise.
- SUITE AND PENTHOUSE SUITE**
These extra-large accommodations have a separate sitting area and a private balcony. Special features include a large vanity/dressing table, refrigerator, entertainment area and VIP Check-In during Embarkation (A Whirlpool bath and walk-in closet are available only in the Penthouse Suite).
